

DONJOY[®]

Stabilax[™]

Elastic Knitted Knee Brace

With Removable Hinges

MOTION⁺ IS MEDICINE[®]

Stabilax™

Stabilax - DonJoy's new elastic knitted knee brace - offers a combination of features to help address a broad range of indications.

Besides the benefits of the elastic compression, Stabilax also offers a **unique modular concept**: its removable polycentric hinges allow the patients to adapt the degree of stability during the various stages of the rehabilitation process. Lightweight and low profile, Stabilax can be easily be used during daily or sports activities.

Indications

- Support after mild to moderate medial and lateral ligament injury
- Post-operative support following meniscal injury/menisectomy
- Support for patellar laxity
- Support and compression for chronic knee instability
- Proprioceptive & neuromuscular stimulation through compression
- Return to sports activities

Therapeutic Benefits

- **Pain relief** - The compressive effect of the elastic knit helps reduce swelling and helps alleviate pain
- **Stabilisation** - Bilateral hinges support the unstable knee joint, helping the patient regain confidence and mobility

Modular Concept

The removable polycentric hinges allow the patient to adapt the level of support required during the various phases of the rehabilitation process

- In the first stages post-trauma or post-op, using the brace with the hinges will increase the level of support and stabilisation
- In later stages, the hinges can be removed when less support is required and compression is mostly needed

Features & Benefits

Ergonomic Design

Multidirectional Elasticity
Enhances proprioceptive stimulation through sensory response

Superior Compression
Gradient compressive effect

Anatomical 3-D Knit
Conforms to the leg and provides optimal fit

Modular Support

Patella Stability
Buttress helps maintain patella in correct position

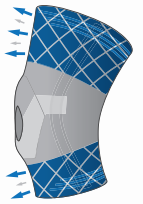

Medial & Lateral Support
- Bilateral polycentric hinges provide stability for weakened knee joint
- Upper & lower straps (threaded into the hinges) provide additional compression and hold

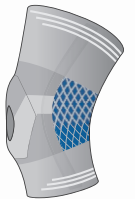

Optimal Comfort

Quality materials
Breathable, biocompatible, latex-free yarn

Comfort in Flexion
Looser popliteal knit for unrestricted flexion

Bilateral model
Available in 6 sizes

Stabilax™

SIZING INFORMATION		
Part Numbers	Size	
82-0012-1	35 – 38 cm	13 ½" – 15"
82-0012-2	38 – 42 cm	15" – 16 ½"
82-0012-3	42 – 46 cm	16 ½" – 18"
82-0012-4	46 – 49 cm	18" – 19 ¼"
82-0012-5	49 – 53 cm	19 ¼" – 21"
82-0012-6	53 – 57 cm	21" – 22 ½"
